Cutchogue, L. I., N. Y.
February 2nd., 1954

To My Friends and Patrons:

Please accept this my 1954 catalog with my very best wishes for your success and pleasure in your Farm and Garden operations. Last year was a very poor year in many ways but we have to keep trying and take the average of two or three years before we get too discouraged.

We have a good supply of all kinds of Seeds and Plants for your Farm, Garden, Lawn and Flower Beds and would be pleased to receive your orders.

It looks like another good year for Strawberries and we have a nice supply of plants if you are in the market for any — from 1 doz. up to 5,000 as long as our plants last.

Our Asparagus Roots are large, healthy roots and you can never enjoy it as much as when grown in your own garden. Try some this year. We also have many thousand plants if you want to set them for a paying crop.

Lawn Seed is high this year on account of a short crop of Kentucky Bluegrass and Fancy Red Top but we use only the highest grade seed. Compared with other brands our price is very reasonable for the quality of the seed.

Be sure to fertilize your lawns, shrubs, etc. with Bone Meal, Vigoro, or our V-C 5-10-5 early in the Spring. That will give you a good thick lawn which will greatly help to keep out Crab Grass and Chickweed. Don't cut your lawn too short for best results.

Yours for the best in Seeds and Plants,

Ralph W. Sterling

Member of
New England Gladiolus Society
Suffolk County Farm Bureau

1954 PHOTOGRAPHIC CONTEST

\$5.00 for the best picture of your vegetable garden,
\$5.00 for the best picture of your flower garden and,
\$1.00 for each of the next 5 best pictures of flowers or
vegetables.
\$15.00 in prize money in all.

All pictures must be in black and white. Pictures in color will not be allowed in the contest. Pictures, in order to be judged, must be submitted by October 15, 1954. All pictures submitted become the property of Ralph W. Sterling and are subject for use in this catalog. No pictures will be returned.

You may send in as many entries as you wish but send only one print of each entry.

DIRECTIONS

By careful reading and observing the following directions, mistakes will be largely avoided and your order can be filled more promptly.

Please use the enclosed Order Sheet and self-addressed envelope if possible. If you need more, let me know and I will be glad to send more to you.

Write your name, address and shipping directions plainly.

Always send the cash with your order, unless otherwise agreed upon. Money may be sent by P. O. Money Order, Bank Draft or Registered Letter. Stamps may be sent for amounts under \$1.00, but be sure to put in three-cent stamps, wrapped in waxed paper.

We pay the postage on all seeds sold by the pkt., oz. and $\frac{1}{4}$ lb. Quantities over that are priced net, to be shipped Parcel Post, freight or express, at purchaser's expense, unless otherwise stated.

If you desire your seed sent by Parcel Post, add 23c for the first lb. and 4c for each additional lb. of your order, allowing 3 lbs. extra for package. For amount of postage on plants see Plant Department. These rates are for anywhere on Long Island.

By pricing my seeds net, postage extra, you get your seeds delivered for less money than if I quoted a Postpaid price as the 23c per lb. extra would have to be counted in and added to each single lb. priced.

$\frac{1}{2}$ lbs. will be sold at lb. rates; $\frac{1}{2}$ bu. at bushel rates.

No charge is made for packing or packages.

NOTE — In all orders received before April 15th we include trial packets of different kinds of seed, the number of packets depending upon the size of your order. If you find any of these of particular value, we would be pleased to hear of it.

If you cannot use this catalog or receive more than one, will you kindly pass it on to someone interested? Thank you.

NOTICE — I give no warranty, express or implied, as to the productiveness of any seeds, bulbs or plants, sold by me, and I will not be in any way responsible for the crop. My liability in all instances is limited to the purchase price.

Ralph W. Sterling

Seed Department

"STERLING STRAIN"

Follow the mark of "Sterling." We are always looking for the best strains of seed and where we find a superior one we place the sign of "Sterling" on it, thus (S).

ASPARAGUS SEED

1. MARY WASHINGTON (S). Re-selected. Blight resistant. Highest quality and heaviest yield. Pkt. 10c; 1 oz., 25c; ¼ lb., 75c; 1 lb., \$2.50.

MARY WASHINGTON. 2 and 3 year-old roots, grown from Re-selected Seed. These plants made good growth last year and should give wonderful results

See Page 41

98 GIANT PODDED. Large pods. Prolific. Fine quality15	.50

Mattituck, July 23, 1953
With 8 short rows of Dwf. Horticultural Long Pod Beans we picked 40 hampers and they sold at \$5.00 per hamper. — B. J.

Glen Head, Sept. 18, 1953
The Sterling Strain Fordhook Bush Limas and the Golden Cross Bantam Sweet Corn both produced prolifically.

The sample of Contender Beans gave us a very generous crop and we prefer it to Tendergreen which had previously been a favorite.

Samples of Watermelon and Cantaloupe also did well. — J. L. D.

Sally Davis With A Basket Of Fordhooks

FAVA BEANS

1 bu. will plant 1 acre. Use plant setter.

No.	Pkt.	Lb.	12½ Lbs.	50 Lbs.

293	CELERIAC. Giant smooth Prague. Turnip rooted15	.80

Will have a fine lot of transplanted Celery Plants this year in season.

Mattituck, N. Y., Sept. 18

I wish to say that our small garden did wonderful this year from your seeds. It is our first experience with a garden and we had an abundance of everything including carrots. Our lawn was beautiful sown late this Spring with Sterling Sandy Soil mixture. The white clover is still thriving after this long dry spell. — V. S.

Cutchogue, August 28.

The Marcross Sweet Corn I planted in my garden was very good. It grew fairly tall and the corn was sweet and very juicy. It certainly is a fine extra early corn. — J. Z.

Marketer Cucumber

Remsenburg.

From 1 oz. of Pride of Wisconsin Muskmelon seed we have supplied ourselves and the neighbors. They were fine quality and very prolific. — Mrs. H. T.

ONION SETS

Small, hard, fancy sets. 1 Lb. makes a quart. 32 Lbs. to the bushel.

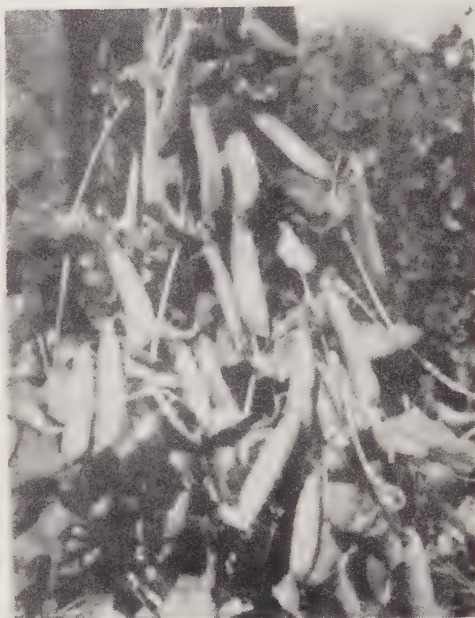

No.		Lb.	8 Lbs.
700	WHITE SILVER SKIN. Fancy. Good for bunching	\$.30	\$2.00
702	EBENEZER YELLOW. (S) Grows better and keeps longer than any other sort30	2.00

Spray your onions with Black Leaf 40 or dust with 3-7 Dust and insure your crop. It is the Thrip that turns the onion tops brown.

PEAS

OUR WORLD'S RECORD STRAIN and the new CODY are the best kinds for market. Even though peas should not pay as a market crop, the vines make fine green manure for Cauliflower, Brussels Sprouts and late Limas. Spergon keeps the seed from rotting in cold ground and helps germination.

1 Lb. of Peas
will plant 100 ft. of row
1½ to 2 Bu. to the acre
½ peck at peck rates;
½ bu. at bu. rates

The New Cody Pea

No.	Pkt.	Lb.	Pk. of 14 Lbs.	Bu. of 56 Lbs.

GRASS, CLOVER AND ALFALFA SEED

Prices liable to change without notice. Kentucky Blue Grass and Fancy Red Top of highest quality are very high in price. We are making our prices as reasonable as possible considering quality. It is the very last fraction of 1% in purity that costs money. I believe that it pays big returns, too, as it is truer in seeds than anything else that **"the best is none too good."**

If your land is sour and Grass and Clover does not do well as a rule, a little lime sown on top of the ground and harrowed in before sowing the seed would be a great help. Why not have your soil tested?

Ask for special price on 100 Lb. lots.

		1 Lb. to 99 Lbs. per Lb.
TIMOTHY.	The brightest and purest seed on the market. 99.65% pure.	\$.26
RED CLOVER.	Very best grade. 99% pure50
ALSIKE CLOVER.	Does well where Red Clover sometimes fails. Best grade. 99% pure. Mix Alsike and Red Clover for best results40
ALFALFA.	Northern grown. Very best strain for this section. 99% pure	.50
CRIMSON CLOVER.	Sow in July and August for cover crop26
WHITE CLOVER.	Fine for lawn and pasture. Purity 98%85
HIGHLAND BENT.	Best Native Bent. Finest quality. Grows well in acid soil. One of the best for lawns. 98% pure	1.00
CHEWINGS FESCUE.	Fine for pastures, lawns and sandy soil76
ILLAHEE CREEPING RED FESCUE.	Greener and finer than Chewings Fescue. Stands dry weather86
KENTUCKY BLUE GRASS.	Does best on sweet soil. Fine for lawns, pastures and orchard. We still have a good supply of this very scarce seed	1.70

Shelter Island, September 17
Had your tomato plants this year and they came beautiful. We never had so many
tomatoes. — C. C.

A Field of Stringless Black Valentine Beans

FARM AND FIELD SEED

SEED POTATOES

We carry Wild White Clover, Merion Blue Grass and <i>Zoysia Japonica</i> in small quantities or can get it on order. Also, we can get you the three new alfalfas if you want to try them out.	

LAWN MAKING

Our Lawn Grass Seed is mixed from the very best grass seed, re-cleaned and free from weeds, and we sell many hundred pounds all over Long Island, as there is no better grade seed on the market.

Loosen the soil in which a new lawn is to be made to a depth of at least five inches, and lighten it with humus, compost or manure if it is heavy and inclined to bake. Apply fertilizer liberally, either Sheep Manure, Bone Meal or both. Use Vigoro on established lawns in early Spring and early Fall. Peat Moss is a very good soil conditioner for lawns.

Sow in the early Spring when cool weather and ample rainfall will insure complete germination and a good start for the seedlings before hot dry weather comes. If seeding must be delayed, special precautions must be taken to prevent the ground drying out. Early Fall is a very desirable time to seed, if moisture is sufficient.

See that the seed is well covered. Rake it into a new seed bed and roll so that the soil is firmed over the seed. Where seed is sown on an old lawn, always cover it with a top dressing of Peat Moss or soil and rake in. Seed thrown on the top of hard ground has no chance to grow and will merely wash off. Fertilize well after seeding.

No Timothy or Rye Grass is ever used in our Lawn Grass Mixture.

JAPEDIZER

Kills the grubs and feeds the grass. Use 10 Lbs. Japedizer per 1,000 square feet and water it well. Afterwards loosen soil of bare and thin patches and re seed. Japedizer kills the grubs and fertilizes the grass.

10-lb. bags	\$2.50
25-lb. bags	6.00
50-lb. bags	11.00

Riverhead, Nov. 6, 1953

You have witnessed the result of the fine seed growing in Mrs. C's lawn and I must say that I am well satisfied with the outcome.

I'll take this time to thank you for your cooperation and patience. I hope we may again do business. Thank you. — J. G.

Riverhead, April 26.

I have been trying to get down to your store for two weeks and want 10 lbs. of Sterling Lawn Grass. I bought Sterling Lawn Grass seed last year and sowed it in my cemetery lot in Riverhead. I took good care of the grass and this year that is the best looking plot in the cemetery. I have already mowed the grass once. — C. P.

LAWN GRASS SEED

Prices Liable to Change Without Notice

Four Special Mixtures of the highest grade Grass and Clover Seed on the Market.
No Cheap Filler is ever used in Our Mixtures.

Fertilize your lawns often to help keep out Crab Grass and Chickweed.

1 to 24 25 to
Lbs. 99 Lbs.
per Lb. per Lb.

STERLING LAWN SEED. We prepare this mixture ourselves at Sterling Farm, from the highest grade Highland Bent, Kentucky Blue Grass, Fancy Red Top, White Clover and Illahee Red Fescue. This mixture gives the very best satisfaction throughout Long Island. Quick growing and permanent. Use 3 to 5 Lbs. to 1,000 square feet \$1.10 \$1.09
100 Lbs. or more at \$1.08 per Lb.

PARKWAY MIXTURE. This is my own mixture. It contains no White Clover, but a mixture of Highland Bent, Illahee Red Fescue, Kentucky Blue Grass and Fancy Red Top 1.20 1.19
100 Lbs. or more at \$1.18 per Lb.

SANDY SOIL LAWN SEED. A mixture doing well on light soil and in very dry places. This mixture contains 5 different kinds of grass seed and White Clover. Plenty of Fescue in this mixture 1.00 .99
100 Lbs. or more at 98c per Lb.

SHADY LAWN. Where there is only partial shade, the other Lawn Grasses are all right, but where it is quite shady, use this special mixture. Five varieties of grass seed in this mixture. Use Vigoro and Bone Meal in Spring and Fall to keep a good lawn in shade 1.10 1.09
100 Lbs. or more at \$1.08 per Lb.

WHITE CLOVER. Best grade85

CHEWINGS FESCUE. Best for shade76

KENTUCKY BLUE GRASS. Fine for lawns 1.70

FANCY RED TOP. Quick growing. 98% pure98

ROUGH BLUE GRASS. Poa Trivialis98

ILLAHEE CREEPING RED FESCUE. Fine for lawns86

HIGHLAND BENT. Finest quality 1.00

For a good, permanent lawn, use 1 Lb. lawn seed to 200 sq. ft., 100 to 120 Lbs. to the acre. For reseeding an old or poor catch, use half that amount.

GERANIUMS

We have a fine assortment of Potted Geraniums this year. Large, strong plants in bud and bloom.

ATOMIC RED. Salmon red, white center.

BETTER TIMES. Beautiful dark red. Very striking.

IRVINGTON BEAUTY. Fine clear pink. Most popular.

LA FAVORITE. Double white.

Last year you sent me a packet of mixed annual flower seed. I wish you could have seen how beautiful they bloomed for me. Have a path through the center of vegetable garden and sowed that seed along the sides. Have seen pictures in magazines and I always thought they were exaggerated but they were nothing compared to the beauty of that 100 ft. row and they did not bloom for just a few weeks but until killed by frosts. — M. P.

GERANIUMS — Continued

A Well Budded Geranium

LA FRANCE. Light pink. Double.
 MARTHA WASHINGTON or PELARGONIUM. 4 colors.
 PANSY. Purple and white pansy-like blooms.
 PINK FIAT. Bright salmon pink.
 PINK OLYMPIC. A new compact pink.
 MONSELL BEAUTY. Light pink. Profuse blooming.
 RADIO RED. Bright red. Good bloomer.
 S. A. NUTT. Rich dark crimson.

SUPER RICARD. Bright red. Free blooming. New.

VARIEGATED. Green and white leaves. Red blossoms.

IVY. A trailing Geranium with red, white or pink blossoms.

Priced at 50c to \$1.50 each, \$5.00 to \$8.00 per dozen, according to size and variety. Pelargoniums in several shades of pink and red, also a beautiful white, and Pansy Geraniums from \$1.00 to \$2.50 each, in full bloom for Easter.

PERENNIAL PLANTS

Our plants are best for your Hardy Border or your Rock Garden. They are grown from the choicest seed procurable and the most popular sorts. Take care of them and they will bloom for many years. Dig the bed deep, enrich with dry cow manure, keep clean and give protection in Winter. Nice plants, transplanted, well rooted. Top dress with Bone Meal, Sheep Manure or Vigoro. Mulch with Peat Moss.

- 2-yr.-old plants, balled and burlapped, \$1.75 each; \$16.50 for 10 plants assorted. Larger plants in some varieties, \$2.50 to \$7.50 each, according to size.

Set in acid soil. Use plenty of Peat Moss and aluminum sulphate.

SPRING BLOOMING BULBS

TULIPS, NARCISSUS, HYACINTHS, CROCUS, ETC.

We expect to have a good supply of Spring flowering bulbs in the Fall, and will be pleased to book your orders for Fall delivery. Prices will be right for No. 1 sure blooming bulbs. Will have a nice display in the Spring of flowering bulbs in bloom. Come look them over. Will have Potted Hyacinth and Tulip bulbs in full bloom for Easter.

Mary Washington Asparagus

ASPARAGUS ROOTS

Our Asparagus Roots are nice, large, healthy roots grown from re-selected seed and will make you a successful bed in 1 to 2 yrs. time.

	Doz.	100	1,000
MARY WASHINGTON. Grown from re-selected seed.			
This kind is the largest, most productive and finest flavored Asparagus yet developed. Very high branching, which makes it the best for cutting green. Rust-resistant.			

Two year old roots. Ready to cut in 1 yr.	\$.50	\$ 2.50	\$ 15.00
Three year old roots. Ready to cut this year if set early. Very large crowns80	3.00	20.00

We have many thousands of each of the 2 year and the 3 year old roots.

Price on 5 thousand or more 2 year old roots, \$12.50 per thousand.

Set out our Sterling Grown Roots this year, about six inches below the surface of the ground, cover with two inches of soil. As the plants grow up, fill trench with well-rotted manure and more soil, and some good fertilizer on top of that. Do not put fertilizer next to any kind of root or plant if you want them to live. Set your Asparagus Roots out as early in the Spring as possible.

Postage on Asparagus Roots: Please send 30c per doz., 40c per 2 doz., 50c per 100 on 2 yr. old roots. Double that for 3 yr. old roots.

East Hampton Nov. 10,

Around the middle of April of this year I bought 200 one year old asparagus crowns from you and planted them in my garden at East Hampton.

You will note from the photographs the luxurious growth that has taken place during the Summer. The rake handle that you see in the picture stands just about 5 feet high.

D. E. L.

Note the picture at the top of the page.

TOMATO PLANTS

Ready in May and June

Transplanted, well-hardened plants. All my plants are grown from Certified Seed or selected stock from the best growers.

The number of days for each kind to ripen is from Livingston's and my own Trial Grounds, from time of setting in the field.

BONNY BEST. Very productive. Early. Globe shaped. 57 days.

BREAK O'DAY. Extra early. Wilt resistant. 58 days.

GOLDEN PONDEROSA. Large yellow. Sweet. 82 days.

JUBILEE. Burpee's new yellow. Fine. Globe shaped. 72 days.

MARGLOBE. Disease resistant. Large. Best for main crop. Grown from certified seed. 60 days.

OLD TOWN. Extra large and prolific. Earliest. 55 days.

PONDEROSA. Improved strain. Very large, fine flavored and mild. Best for slicing. Few seeds. Certified. 84 days.

PRITCHARD or SCARLET TOPPER. Early. Wilt resistant. 60 days.

RED CHERRY. Smallest, round.

RUTGERS GLOBE. Large. Disease resistant. Cert. 60 days.

STOKESDALE. Heavy yielding. Early. Certified. 58 days.

YELLOW PLUM. Small fruit for preserves.

All the above kinds at one price. 40c per doz.; 4 doz. for \$1.50; \$2.80 per 100. Ask for price by the 1,000.

West Granby, Conn.

It doesn't seem quite like late Winter — almost Spring — this year without your catalog. I enjoy this contact with Cutchogue, and we like to order most of our seeds from you because they always do so well. — Mrs. J. H. C.

HYBRID TOMATOES

These are larger, better colored, thicker fleshed and more prolific than standard varieties. They are also more blight resistant and stand up better under adverse weather conditions.

BIG BOY. Largest tomato of all excepting Ponderosa. Mid-season. 78 days.

BURPEE HYBRID. Most prolific tomato of all. 70 days.

STOKESCROSS, NO. 4. An F2 hybrid of great vigor. Large, solid highly flavored fruit. 10 days earlier than Rutgers.

STOKESCROSS, NO. 5. Another F2 hybrid with a long harvest season. A very heavy producer. Both of our Stokes-cross hybrids are practically crack free, very solid, and best for canning.

Hybrids at 75c per doz. from the flat. \$1.00 per doz. in vita-bands.

Add 30c per doz.; 39c per 2 doz.; and 55c per 100 to your order if you want them by Parcel Post.

**NEW HYBRID
EARLY
SWEET CORN
MARCROSS-S**

This sensational new hybrid has been bred to meet the exacting demands for a dependable early market corn. The market required a large eared corn of good quality and fine appearance. The grower further requires that this corn be extra early, resistant to cold, resistant to wilt and dependable for yield. Our strain of Marcross 13 x 6 has met these requirements, but has lacked a few days in earliness compared with a few other hybrids.

Marcross S meets this requirement for extra earliness without losing the other good qualities of Marcross 13 x 6. It is several days earlier, very uniform, has more 12 to 14 rowed ears, is equal in quality and appearance, and is resistant to cold and wilt. This is not an untried new hybrid. Our grower had it in his trial grounds for several years. Introduction of this grand new variety has been withheld until performance for the early market could be proven.

Seed treatment of early planted corn is most important for protection against soil diseases and insect damage. Marcross S will be treated with Lindane, Arasan and Phygon to insure the best possible stand and most uniformity in maturity.

Price per pkt., 25c; Per lb., 70c; Per 10 lbs., \$6.50.
